

Emergency Cards

Please fill out an Emergency Information and Immunization Record Card for your child. We also need the latest copy of your child's immunization record (waivers are available). It is important to complete every blank even with "not applicable: N/A" if appropriate (if you do not designate a specific doctor or hospital, Child Protective Services and 911 will be inserted). Our school must have a completed emergency card on file **no later than the first day of school**.

We are required to have **two** additional emergency contacts besides the parents/guardians (There is space for up to four on the yellow card). The persons you designate should be in town and available to pick up your child in case we cannot reach you. If you need to change or add an emergency contact you must make the changes yourself directly on the yellow emergency card.

Throughout the school year it is **very important** to inform the office of any changes in telephone numbers and addresses. These emergency cards should have the most up-to-date information!

Thank you!
