

River Road Gardens

River Road Gardens LLC, owned by Jon McNamara and Emily Mabry, is a small urban intensive vegetable farm utilizing biodynamic farming methods. Operations began in the Fall of 2008 on the property of the Tucson Waldorf School's River Bend Campus. The base of our operation is as a CSA farm currently offering 50 vegetable shares in 4 sessions per year. We also sell produce to local restaurants, including Hacienda del Sol, and at our farm stand on Saturday mornings from 9am to 12 pm.

For more information about the gardens or to get a CSA contract, please contact the farmers CSAinfo@riverroadgardens.com or you may reach Farmer Jon at (520) 780-9125.

Our mission is to provide locally grown produce to the Tucson area, offer educational opportunities and promote community collaboration.
